Edukacja i Media

RESULTS

- Practical workshops/courses for adult learners with the result of growing their digital skills.
- Online resource Center.
- E-brochure „Digital inclusion of adults - collection of good practices” with guidelines for teachers and adult educators.

OUR STORY

Digital inclusion of adults - let's learn from examples of good practices

[DigiAdults] project intends to explore and evaluate the impact of the use of digital tools and the Internet in the empowerment of a variety of categories of learners at risk of social marginalisation, then drawing out implications of findings in terms of guidelines for trainers involved in formal, nonformal and informal education, and generating a collection of case studies and best practices, assembled on an online resource center.
